More Boys Than Girls in the Year 1910

More boys than girls were born in California in 1910 according to figures that have been complied by George Leslie, statistician for the State Board of Health, boys being in the majority by 1370. Here are the figures arraigned by Leslie.

The proportions of the sexes among the 32,138 children born in California in 1910 was: Male, 16,754, or 52 1 per cent; and female, 15,384, or 47 9 per cent. The boy babies outnumbered the girls by 1370, or 8 9 per cent in 1909, and 955 or 7.0 per cent in 1908.

As compared with 52 1 per cent male for 1910, the per cent male was 52.3 for 1909. 51.7 for 1908, 51.2 for 1907, and 52 1 for 1906.

The sex distribution is substantially the same for births within chartered cities (52.1 per cent male) as for births in the outside territory (52.2 per cent male).

The preponderous of males is much greater among the few non-Caucasian births than among the many white births. Thus, of 1245 non-Caucasian infants in 1910 no less than 58.0 per cent were male, while among the 30,893 white babies only 51.9 per cent were boys. The same contrast has appeared in the figures for each year since 1906.

A Large Tunnel

Work of constructing the tunnel that is necessary before the line of the Northwestern Pacific is completed to Eureka started Wednesday morning. The work is expected to require a year and a half before the tunnel, which will be 4650 feet long, is completed. The boring will start at either end and the expectations of the engineers are that two gangs will meet equi distant from the starting point of each.

The mountain through which the tunnel will extend is about half way between Willits and Shively and is in the southwest corner of Trinity county. The Northwestern Pacific now operates to Willits from the south and from Eureka toward the south operates as far as Shively. The distance unconstructed is approximately 156 miles, but much preliminary work has been done, and it is probable that by the time the tunnel is completed conditions will be such that trains will be operated through from San Francisco to Eureka.

Want Indictment Squashed

Members of the Grand Jury of Sonoma county who recently returned an indictment against John Vanderleith, the aged O'Farrell Hill resort keeper, charging him with the murder of Tom Burns, were hailed into court on Monday on subpoena in the Vanderleith case on a motion to strike the indictment introduced by the accused's counsel, William F. Cowan and Rolfe L. Thompson. Judge Dunne sat for Judge Seawell at the hearing. The motion was based upon statutory grounds, including that it was not properly subscribed to and not properly endorsed, and hinted that there might have been some prejudice. The motion stands submitted and authorities will be filed with the court.

Milk in Poultry Rations

Skim milk has always been known as a good food for chicks, but its value as an egg producer is not so generaly known. Experiments atthe poultry plant of Kansas Agricultural College show that hens fed on milk laid more eggs, and made a greater profit than hens that were fed on beef scraps in the same ratio Skim milk demonstrated its superiority over curd in thes experiments.

Milk-fed poultry brings the best of prices. A fowl that is fed on milk from the time it is hatched until sold makes a high class product.

Never force the hens to drink the milk, always have a supply of fresh water before them.

Joseph Amstradler paid a fine to Justice of the Peace A. J. Atchinson Friday morning on the charge of keeping an unclean dairy. The arrest was made by Constable John W. Pemberton on a warrant sworn to by State Dairy Inspector James A Butler.

Points on Feeding Hens

Some years ago we fed a great deal of corn, both cracked and whole, to our poultry. The results varied widely, but were so negative that we finally abandoned it as a grain feed altogether. It is a great fattening food, but we were never able to make an egg producer of it by any change in our rations in part or in whole, nor could we find any other grain to combine with it that would produce the results obtained from even the cheapest milling wheat. We found that whatever we could say of it in the East, California is not a safe grain to feed in quantity, it is too fattening and hence heating; the hens tire of it sooner, and is quite liable to leave more or less bowel trouble in its wake. The hens do not prefer it to the right kind of wheat.

What we have just said of corn will apply in a lesser degree to the variety known as "No. 1 White Sonora," a very plump white wheat, very strong in starch and, as food for layers, reckless extravagance. It is, we believe, much easier of digestion than the harder "Turkey Red" that we always feed when procurable. We do not recall a single instance when the feeding of White Sonora was not followed by a short crop in egg production, and the same statement will apply to corn and rolled barley—another grain of questionable value for hens. If we cannot find in the market, a "Turkey Red" wheat, the next best thing is an amber colored wheat, known as the "Club" and usually obtained with a small shriveled grain The harder and more shrunken the grain is, the better, and if this is not in inverse ration to the digestibility of it we know no judge. We would pay $5 per ton for Turkey Red or Club any day than for the best milling grade of Sonora wheat obtainable We have acquired this estimate of relative values [illegible] Sheby sack, but by the car.

Speaking of rolled barley. One spring we were unable to obtain any wheat whatever except at an outrageous price, and so we substituted rolled barley and fed also some corn with it, feeding the two grains for an entire month, working in and out of them gradually. The egg yield dropped 75 per cent but returned to the normal within a few days after the resumption of wheat. That beautiful lesson cost us in the neighborhood of $100 and showed us conclusively that we would have been money ahead to have paid two prices for any old wheat we could get.

In the matter of bran, we feed it constantly to young and old, even going to the extent of having it continually before our brooder chicks from their first feed on. We do not think it is a good feed for them—we know it. Chicks whose diet is largely bran,—good bran, mind you,—will be better boned and muscled and will mature faster than those fed on any other feed we know of. We have tried them with and without it, and consequently do not feed a car or so of bran a year simply out of charitable consideration for the feed man. If your correspondent's chicks have suffered from white diarrhoea and other bowel troubles while feeding good bran, the correct diagnosis of the cause would point more positively to faulty incubation, bad brooding, or poor stock, than to the feed,

Except wheat, we exercise more care in the purchase of bran than of any other food we buy. In our local markets there are two general grades, called "heavy" and "light." The former consists of fine hulls and much middling or shorts, while the latter is very coarse and consists almost wholly of the hulls. The latter is the kind we look for, and is usually a dollar or two per ton cheaper than the heavy grade. The heavy bran is too strong, and if pure, too easily digested for business purposes on an egg ration, and besides this, the possibilities for adulteration and the probabilities of occular detection are correspondingly increased. We avoid this heavy bran even for dairy use, as it will not give milk flow that the light and coarser variety will, and its introduction into our morning mash is invariably followed in the egg yield.

If our conclusions as to the value of corn and bran and wheat as standard poultry feeds for California are warranted by the premises and the acts—and we have reason to think they that are—we do not believe that the Maine station will be the means of working any extensive alterations in the bill-of-fare of the California hen, and are likewise quite positive that any of the faithful who are building fond hopes of Standard Oil dividends from the assidious following of the Maine digestibility tables are doomed to disappointment if not financial distress.—Written by Carl C. Curtis in Pacific Press.

A Narrow Escape

Upon returning home from town last Saturday evening Joe Kiser and family had a narrow escape from death.

When within 100 yards of home the bit-ring on the bridle of the horse sprung apart and allowed the bit to fall from the horse's mouth The animal immediately took advantage of the accident and ran.

Joe immediately caught the younger child and jumped and Mrs. Keiser and eldest son followed. All escaped with several bruises and cuts except the eldest child, Antone, aged 8 yrs., who fell striking his head on the ground and sustaining a fractured skull.

The injured child was brought to Broadway Sanitarium, and is now on the road to recovery. the fracture not being as bad as first thought.

The remainder of the family nursed their wounds at home and are now recovered from their fright.

The horse ran all the way to the Jones bridge, below Embarcadero, and was caught there and brought home.

The rig and harness were not damaged in the slightest and the horse also escaped injury.

The Original Declaration

[illegible]t time in nine years the original declaration of Independence and the Constitution of the United States were taken from their abiding places and opened to the light of day. Secretary of State Knox examined them and found them in as good condition as when they were placed in the case especially designed for their custody. Owing to the fact that the case that contains the important documents is not fireproof, Secretary Knox directed that an estimate be made for a repository which will be fireproof, waterproof, air proof and lightproof. Each page of the documents is hermetically sealed between two panels of glass, which are then bound in a frame of highly polished oak.

Fifteen More Members

Fifteen more candidates were initiated into the Loyal Order of Moose last Sunday in Union Hall by Organizer Provol.

This brings the membership up to 105, and makes it the strongest order in numbers in Sonoma Valley.

The charter will be left open one more week and the members hope to have another large class initiation at that time.

The Madero family are now seeking seclusion at the Palace Hotel in San Francisco. Seclusion or publicity? Ordinarily one would not pick the Palace Hotel as a quiet nook where one could remain unseen and unheard of.

The eight hour law went into effect in this state last Tuesday and women can now have a few hours leasure to themselves each week. This law is effective in Sonoma you know. This law does not effect domestics, stenographers, and "such like."

The highest price ever realized for a car of California fruit was that brought by the second car of cherries shipped from this state several days ago, and sold in Chicago Monday for $554, or at the rate of $2 55 per pound box, according to the California Fruit Distributors There were 2188 boxes of cherries in the car.

Bald headed men can no longer boast that their brains pushed their hair out. An eminent specialist claims that microbes causes baldness. His theory is that microbes lodge in the sebur (nature's hair oil) and when permitted to flourish, destroy the hair follicles. The bald headed row will in consequence be avoided in stead of sought, for no man desires to be called "buggy."

Sonoma will surely be a prosperous city this summer and laborers and tradesmen will be exceptionally busy. It will probably take 100 days to install the sewer system, and a score of men will be used on the job alone. Then comes the Carnegie library, which will probably be erected shortly and mechanics will be in demand, also the $25,000 grammar school building, which, though as yet has not been brought to an issue, will carry as sure as fate. Added to all this our city trustees will expend considerable money placing crushed rock on our streets after the sewer is laid. Truly, Sonoma is coming into its own and all should rejoice and assist in its upbuilding.

County Assessment

"The assessment of property in Sonoma county shows a very substantial increase this year," said County Assessor Frank E. Dowd Wednesday in discussing the assessment figures.

The field deputies are completing their reports, and within a few weeks now the work will be finished, and the final compilation of figures will be made.

The first Monday in July the Board of Supervisors will meet as the County Board of Equalization, and will examine the assessment rolls as turned in by the county assessor They will on the third Monday in September fix the tax levy for the ensuing year.

This is the first tryout with the new constitutional amendment No. 1. which segregates the state and county taxes, and it will be interesting to note the result all over the state. Grave fears have been expressed that the money raised by the corporation tax will not be sufficient to run the affairs of the state. There are many in authority, however, who believe these fears are ungrounded, and that there will be ample money for all demands.

Under the Constitutional Amendment No. 1, the County of Sonoma looses about $4,000,000 worth of assessable property of the public service corporations. This property however, is subject to the Panama-Pacific Exposition tax of 6 cents, and assessments for the bonded indebtedness. It is not subject to the county tax, however.

In the assessor's office it is now necessary under the new law to keep another set of books and another assessment roll, known as the revenue and taxation roll.—Press Democrat.

Woman's Club Notes and Fourth of July Celebration

At the social afternoon last Friday Mrs. R. P Hill read a deeply interesting paper entitled "How California Takes Care of Her Dependents and Delinquents," based on the reports of the State Institutions for criminals, wayward youths insane, feeble minded, orphans, (those receiving state aid) and deaf, dumb and blind, the statistics regarding which are truly startling.

After two of Mrs. Emparan's always charming songs, tea and cakes were served by Mrs. M. Shaw, hostess for the day.

On Saturday afternoon a meeting was held by the newly appointed Fourth of July Committee, consisting of Miss Meta Stofen, chairman; Miss Waterman, Miss Cook, Miss Murphy, Mrs. Emparan, Mrs. Wicker, Mrs. Hunter, Miss Cleave, Miss Pemberton and Mrs. Duhring, together with the president, Mrs. Hotz.

The committee decided on a program of events, which will make the coming Fourth a Red Letter Day in the annuals of Old Sonoma, and afford fun and patriotic entertainment for young and old from early morning till late at night,—patriotic exercises in the plaza in the forenoon; luncheon served under the trees in Caleteria style; an unique, very jolly affair in the City Hall with side shows besides; an opportunity for those who wish to attend the meet of the Driving Club; a high class entertainment in the evening to be followed by a grand ball.

The ladies expect to raise a goodly sum of money to aid in the establishment of the new Carnegie library.

State Master Visits Grange

Master of the State Grange E. T Pettit of San Jose, will pay an official visit to the Glen Ellen Grange the first meeting in June. At the meeting of Glen Ellen Grange held on Saturday afternoon the following committee was named to make arrangements for the proper reception of the distinguished visitor: Thomas Johnson, Mrs. A. E. Gaige and Mr. and Mrs. Frickson. Mr Pettit is sure of a very cordial welcome from the people of this enthusiastic Grange.

At the meeting of Glen Ellen Grange No. 299 on Saturday afternoon there were several interesting discussions and after the meeting several of the ladies of the Grange served ice cream and cake. The remainder of the afternoon was spent socially.—Press Democrat.

Open Sewer Bids

Much interest was manifested in the opening of the sewer bids at the City Hall last Monday evening, and all were surprised at the low figures bid.

The bids ranged from $10,300 to $17 000, and there were about thirteen in all.

The contract will be let on Monday evening and it is thought that partial bids of two separate companies will be considered as about $200 can be saved by so doing.

This will bring the total cost of the sewer including septic tanks to about $17000 and will leave sufficient funds to install more laterals and mains

Diez's Niece Here

Mr. and Mrs. Arnold, of San Francisco, are spending a two months vacation at Woodleaf Park. Mrs. Arnold is a niece of President Diez of Mexico, and does not hold the same views as her notorious uncle. She believes that he should resign for many reasons, especially because he is too old and too feeble to conduct the business of his office properly.

Celebrate Silver Anniversary

Last evening the local Rebekah Lodge celebrated their silver anniversary in I. O. O F. Hall. Many members of the Order from other cities were present and a most enjoyable time was had.

An appropriate program was rendered and all partook of a delicious banquet at the close of the exercises.

Dancing and other amusements whiled away the time until a very late hour.

Miss Amy Rowe, a milliner of 7 years experience, will have charge of the trimming in the millinery department at G. H. Hotz's store this season. Bring in your hats and have them made new 10 tf.

Memorial Day Exercises

The customary observance of Memorial Day will be held at Union Hall on Tuesday next, at 10 o'clock. The school children will march to the hall and take part in the exercises, the program of which appears below A cordial invitation is extended to everyone to be present and aid in this patriotic observance.

All the school children of the town and valley are particulary invited to meet at the Grammar school in good season to march with the others. A specially cordial invitation is extended to all veterans and widows of veterans to be present, and take seats on the platform.

The exercises will not be over one hour in length, and at the close the flowers will be taken to the cemetery and the graves of veterans will be decorated. All who have flowers to spare are asked to bring them to the hall, and also all who have carriages or autos can render a great service by being at the hall at 11 o'clock prompt and assist in conveying women and little children to the cemetery.

This being a municipal occasion, and not one prepared by any organization, it is hoped that the townspeople and those in the suburbs alike will assist by their presence and otherwise if able.

This action is brought in the Superior Court in and for the County of Sonoma, State of California, and the complaint in said action is filed in the office of the County Clerk of said County, who is Ex-Officio Clerk of said Court.

The People of the State of California send greetings to Archibald Tennent, Isabella Eva Tennent, John Tennent, Archibald P. Tennent, Samuel I. Tennent, Samuel J. Tennent, Benjamin D Vasser, Thomas Spriggs, John Spriggs, The Mayor and Common Council of the City of Sonoma, and also all other persons unknown, claiming any right, title, estate, lein or interest in the real property described in the complaint adverse to Plaintiff's ownership or any cloud upon the plaintiff's title thereto, Defendants

The plaintiff above named, has brought an action against you, and each of you, in the Superior Court in and for the County of Sonoma, State of California, entitled as above, and has filed the complaint in said action in the office of the County Clerk of said County, who is ex-offico Clerk of said Court.

And you are, and each of you is, hereby directed to appear and answer the complaint in said action within ten days after the service on you of this summons—if served within said County; and if served elsewhere and without said County, then within thirty days after service of same upon you.

And you are hereby notified that unless you so appear and answer as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

The real property affected by said action is situate, laying and being in the former Pueblo of Sonoma, County of Sonoma, State of California, and bounded and particularly described as follows to wit:

Lot numbered 262, the East half of Lot numbered 263, the Street (Fifth Street East) between Lots 253 and 262 on the West, and Out-Lot Number 510 on the East, and the Street, (Spain Street) between Lot 255 on the North and Lot 262 on the South.

The object of said action is as follows:

1. To oblige the said Defendants to set forth the nature of their claims in and to said lands
2. To obtain a decree of said Court whereby all claims of said Defendants, all and singular in and to said lands, adverse to the said Plaintiff's ownership thereof, shall be determined:
3. To obtain a decree of said Court declaring and adjudging that said Plaintiff is the owner in fee simple of said lands, and that said Defendants, all and singular, have no estate in or to said lands, or any part thereof thereof.
4. To have said Defendants, all and singular by said Codrt, forever enjoined and debarred from asserting any claim whatever in or to said lands, adverse to said plaintiff.
5. To obtain an award and allowance by said Court to said Plaintiff of his costs in said action, and to obtain such other relief as in the premises shall to said Court seem meet.

(SEAL.) Given under my hand and the seal of the Superior Court in and for the county of Sonoma, State of California, this 7th day of March, A. D 1911.

Vineburg Notes

A very enjoyable time was spent by all present.

The weather is fair but cool, and windy for this time of the year.

Messrs. Philip Bill, Jr., and Jack Garber were visitors to Alameda on Sunday and report a good time.

Vineburg received her regular number of visitors on last Sunday, and all seemed to be happy to be back in the burg if for one day only.

Mrs. Albert Bird, of the Hyde tract, returned home on Monday evening after a few days' visit to San Francisco and Alameda friends.

Miss Mary Batto arrived on Monday evening's train from the bay cities and will be the guest of her parents for at least a fort night at her old home.

C. R. Whitlach, the popular N. W. P. agent at Marshalls, was on a visit this week for a few days' vacation, and spent it at the home of Mr. and Mrs. Alfred Rubke, Sr.

Mr Wm. McIntosh has at present a large number of men and teams engaged in hauling gravel for the different roads around his handsome residence on the Napa road.

Mr. Al. Mallengberg and Miss Ella Mitchell, of San Francisco, were the guests of Ed. and Miss Marie Mitchell on last Saturday and Sunday at Oak Leaf Cottage.

Mrs. Captain Bosh, who has been suffering from a splinter wound in in her hand, and which for a time threatened blood poisoning, we are glad to state is now convalesent.

Mr. Adolph Lutgens and trustee Fred Batto inspected the work on the new school house on last Sunday, and both gentlemen are perfectly satisfied with the work being done by Messrs. Pierce and Baron.

Mr. Joseph Zizler, of Fitchburg, Alameda county, came up on last Sunday to inspect his pretty home near here, the Steele place. Mr. Zizler is a florist, and intends to start a nursery here, in fact he has some flowers planted now.

We understand that Vineburg is soon to have a base ball club, and a diamond will soon be laid out. Jim Small is named as pitcher and his honor, the mayor, catcher. Jim says we won't need a back stop and he can pitch any old way, as no ball can ever pass the mayor's whiskers.

A number of people were sorry to hear the news of the death of Archie McGill, which occurred at Pieta on last Saturday. Mr. McGill was the beloved son of Mrs. P. L. McGill and brother of George, Frank and the late Mrs. Mabel Hardy. He was laid to rest in Cloverdale on Monday last. "Gone but not forgotten."

Last Sunday evening an enjoyable time was spent at the pretty home of Mr. and Mrs. Adam Gergrich, Apricot Grove, on the Hyde tract, the occasion being a reception tendered Miss Olive Hampton of San Francisco, the handsome niece of Mrs. Adam Gergrich. Among the guests were Mr. and Mrs. Henry Hyde and son Herchel, Mr. and Mrs. Harry Hunter, and Mr. E. Callahan.

Glen Ellen Notes

Mr. and Mrs. C. J. Poppe spent Sunday at Sonoma.

Mrs. Dunn and Mrs. Thierkoff visited Sonoma Wednesday.

Miss Edna Poppe, who was ill two days of this week, is able to be around kicking as usual.

Cupid has suspicious little rumors floating around the glen. The air is saturated with them.

Mr. Billie Cozad, formerly of this place, was renewing acquaintances Saturday evening.

Mr. and Mrs. G. Cobb and Master Haskell, spent a pleasant day last Sunday at Hotel Mervyn.

Miss Mabel Philips came down from Wildwood Wednesday to spend the day with her mother, Mrs. C. C. Weise.

Don't forget to patronize Mr. Sparrow, who has on hand ice cream, delicatessens and a supply of delicious pies and cakes.

A party of young folks spent a pleasant evening at the home of Miss Florence Thierkoff Wednesday. Chas. Nelke was the entertainer, and won favor among the ladies.

Mr. and Mrs. John Serres, Jr., formerly of Glen Ellen, are the proud parents of a baby girl born to them in San Francisco. Papa Tootz is doing nicely.

Mr. and Mrs. Jack London will start on their trip through Lake county and along the coast Thursday of next week. NATURE'S ESSENCE.

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the black-cherry tree, the root of mandrake, stone root, queen's root, bloodroot and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alterative of the greatest efficiency.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PURE AND ALL and has sold more largely in the past forty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated in the system. Doctor R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice, was the first to make up an *alterative extract* of native medicinal roots WITHOUT A PARTICLE OF ALCOHOL, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debilitating fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing each day a pint of rich, arterial blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which over-worked people experience is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue." Dr. Pierce's Golden Medical Discovery *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. Dr. Pierce's Golden Medical Discovery STANDS ALONE as the one medicine for stomach, liver and blood disorders that has the ingredients printed upon the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y., which *cures* in Nature's own way; not only does it STAND ALONE in respect to its ingredients being known, but also as the only tonic and restorative which absolutely contains *no alcohol*

"I was taken with a severe cough, weakness in my back, a 'glimmer' over the eyes, had a bad breath, and stomach was out of order," writes H Gaddis, of 1423 South Tacoma Avenue, Tacoma, Wash. "I felt sluggish, did not care for anything, had no life, it was almost misery to move, appetite very poor. I read Dr. Pierce's Common Sense Medical Adviser and went right away and purchased two bottles of his 'Golden Medical Discovery,' and before I had taken all of one bottle I felt better. If any doubt the truth of this testimonial they may write to me."

Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

BREVITIES

Discounting even the case of "Typhoid Mary," the New York woman, who has been in quarantine for years because she spread that disease, Hulu, a physical perfect young Hawaiian, is in close detention at Honolulu as a "cholera carrier" and is believed to be partially responsible for the epidemic which is being stamped out in Honolulu. Every day, the physicians who are fighting the cholera say, Hulu's body breeds millions of the cholera bacilli. His own health is perfect and despite the fact that every day millions of bacilli are detected upon him, Hulu has not felt a qualm. The Hawaiian's case is the first instance of the kind known in Hawaii, and the federal authorities, who are helping to stamp out cholera will hold him indefinately until all danger of the spread of the disease is [illegible].

Do Ghosts Haunt the Dead?

No, never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles that may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria out of my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only 50c at all dealers.

That the fig industry in California has a great future before it was the prediction made by G. P. Rickford, of the Bureau of Plant Industry of the United States Department of Agriculture. He said that the Smyrna type of fig as grown in the San Joaquin Valley, California, would soon rival that of Asia Minor, on account of the superior climatic conditions as compared with those in the Meander Valley of Asia Minor, the home of the famous fruit.

Saved Child From Death

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle affected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, la-grippe, asthma, croup and sore lungs, its the most infallable remedy that's made. Price 50c and $1.00. Trial bottle free. Guaranteed by all dealers.

Advertising pays. A Baltimore firm has kept running in one of the local papers for twenty-nine years a four line advertisement announcing money to loan. Recently the firm wrote to the publisher that the advertisement had cost about $2,000, but had brought profits of more than $100,000.

A Burglar's Awful Deed

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadill, Tenn. If ailing, try them. 25 cents at all druggists.

Wanted—Full grown chickens, roosters, fryers and broilers. Will pay highest market price. A. Greenfeld, First Street East.

The [illegible] is more than a local issue and more than a personal issue with [illegible]smon William Kent. This should give him distinction at once. He is a wool grower, but favors a downward revision of the wool and woolen tariff. He is a fruit grower, but says fruit needs tariff protection, though it needs fair treatment from the railroads.—Woodland Democrat.

Governor Johnson closed a strenuous first three months at mid-night Monday of last week when he affixed his signature to the seven hundred and forty-third bill. He left 206 bills without his approval. The Governor signed 27 more bills than were signed after the session of 1909, and pocketed fifty more.

The California exhibit to the International Exposition at Turin, Italy, has been completed and is now on the way to New York, whence it will be transhipped to Turin and displayed in the big exposition. Among the features of the exhibit is the process of preserving fresh fruit preserved in chemical solution and displayed in large glass cylinders and globes, preserving the fruit in its natural shape and color for several months. The method is entirely Californian and in the exhibit are included 150 jars, of processed fruits, California lumber, wines in great variety canned goods, olives, olive oil, incubators and a variety of minerals and ores.

Over 1000 carloads of cantaloupes will be shipped out of Salt River Valley this season, as against 180 last season. The acreage planted to cantaloupes is 2375, an increase of 2000 acres over last year.

Albert Allen, a deaf and dumb soap peddler of New York, became so enraged when fined $10 for peddling without a license that he swore—the first word he had uttered in ten years.

The aerobus is the latest name for the passenger carrying aeroplane. That's better than taxibus, anyhow.

The new townsite, has been laid out between Marysville and Wheatland, and will be the center of a new colony.

Large quantities of thornless cactus are being distributed throughout the United States from the national plant introduction garden at Chico.

The [illegible] of peace apparently is trying to [illegible] in Mexico, but it is having a difficult time finding a spot where it will be safe.—Visalia Times.

A letter written by Luther recently sold for $25,000. That is one of the advantages of being dead. While Luther was alive he could not have sold that letter for 25 cents.—The Star.

A postal savings bank will soon be established in Petaluma, Postmaster General Hitchcock announced the designation of 47 new postal savings depositories. This brings the total number to date to 176 established in 1911. Petaluma was one of the favored cities and the bank will be in operation by June 1.

Back in Ohio a man shooting at rats killed a woman. Another warning for the dear girls to quit wearing them.—Watsonville Register.

Mexico is composed of twenty-seven states, three territories and one federa district. Any class in geography that knows how to pronounce all their names deserves a prize.—Exchange.
